MONEY, STOCKS AND GRAIN

New York Bears Discreetly Withdrew While the Bulls Had Their Innings.

Eusiness on 'Change Was Unu ually Active and Strong-At Indianarolis Wleat and Corn Underwest a Slight Decline.

THE BOND MARKET.

Railroad Issues Failed to Respond to the Strength in Stocks.

At New York, Saturday, money on call was easy, with no loans, closing offered at 11/2 per cent.

Prime mercantile paper, 24 @5 per cent. Sterling exchange was quiet, but steady at \$4.87 for sixty-day bills and \$4.88% for demand.

The total sales, of stocks were 179,104 shares, including the following: Atchison, 5.870; Chicago Gas, 1.600; Delaware, Luckawana & Western, 4,910; Erie, 4,970; Louisville & Nashville, 2,400; Missouri Pacific, 3,550; Northwestern, 26,670; Northern Pacific preferred, 8,986; New England, 16,040; Reading, 6,050; St. Paul, 46,330; Union Pacific, 5,660; Western Union, 2,325; Wheeling & Lake Erie, 3,130.

The stock market was unusually active and decidedly strong, displaying the most pronounced tone it has shown for weeks. The bulls were in complete command, and the demonstration against the list in the early dealings soon faded away, and prices took a rapid upward movement. The bank statement was of a neutral character, but it would have had no influence, one way or the other, in any case, against the buying of the specialties by both London and Chicago, especially the latter. Chicago orders to buy were in the market in force, and St. Paul was once more the leader of the market, both in activity and strength, though the other grangers followed closely. There was a sharp slump in New England in the early trading. but its loss of 1 per cent. had no influence of note, the pressure by the bears on the rest of the list caused fractional concessions for the time being, which, however, were soon recovered when the market once more began its upward march. A few specialties like Manhattan, Wheeling & Lake Erie and some others made marked gains, but the movement of the day was in the grangers. The close was active and strong at the top figures. The trading reached 170,021 listed

and 2,883 unlisted. Railroad bonds were fairly active, but failed to respond to the strength in the stock list, as it has failed heretofore to sympathize with its weakness, and while there were a few marked movements in the active issues, the changes, as a rule, are insignificant. Sales, \$948,000.

Government bonds were dull and steady. State bonds were neglected. Closing

WHEAT FELL WITH A THUD

Big Bull Scare Resulted in Enormous Offerings and a Drop of 4 5-8c.

"Uncle Jerry" Ensk's Report on a Tasis of a 535,000,000-Lustel Crop for This Year froved a Veritable Knock-Out Flow.

TRADING AT CHICAGO.

Corn Rounded Up the Exciting Session with a Loss of 3 Cents.

CHICAGO, June 11 .- This was a field

day for the bears on 'Change. The bulls were routed at all points and the session closed with everything lower. It all grew out of the extremely bearish character of the government wheat crop special. Even the most radical bears were agreeably disappointed at the showing made. In the face of the reported wholesale destruction of fields by floods and the rotting of seed in the rain-soaked ground, the showof "Uncle Jerry" Rusk's bureau was an absolutely roseate one. The condition of winter wheat was put at 88.3 or nearly four points better than a month ago, while spring wheat was reported at 92, or nearly as good as a year ago, while the area of both spring and winter was practically the same as last year. Traders who did not have special wire facilities for getting it as soon as issued yesterday afternoon, rose early this morning, grabbed their morning papers, read the report hastily, then got out their pencils and began to figure. The results arrived at seemed to indicate a crop of 345,000,000 bushels of winter, and from 185,000,000 to 195,-000,000 bushels of spring, or a total of 535,-0.0,000 bushels in all. As may well be imagined the showing did not increase the appetites of holders of wheat, and with great unanimity they rushed down town and into the pit, ready to sell at almost any price the moment the bell should tap. The result was nearly a panie. Perspiring selfers were plenty at the opening at anywhere from 8034c and 814c for July, against 84c at the close last night. Shorts were content to close and take such tine profits without waiting to see whether there would be any farther decline. Their buying caused the market to firm up for a time, the price going as high as 81%c, but when the shorts were satisfied the mo-mentary strength disappeared, and the downward course was resumed, the demoralizing effect of the government report being supplemented by weaker cables, which naturally followed the publication of our government report abroad and by the continued favorable weather. The combination result was a drop to 79%c, at which

price it closed weak, a loss compared with vesterday's last figures of 4%c. Corn was affected by fine weather for the growing plant and sympathy with the break in other grains. Holders had evi-dently lost heart, and the selling craze was intense, long corn being thrown over recklessly, and an immense business was done. The large arrivals and the heavier prospective movement in the interior also had a weakening tendency. Receivers sold freely, and New York and St. Louis were largely represented on the selling side. July opened at a range of 47@47 20, against 48% c at the close yesterday; reacted 4 c on covering; then turned down with wheat to 454c; rallied to 454c, and closed at 455c, a loss of 3c. July oats opened 14c lower, at 31c, sold as

low as 2914c and closed at 23%c. Provision were weak in sympathy with grains, but the weakness was not so marked, nor the business so large. The prices for hogs were higher, which tended to prevent demoralization, as did the buying of shorts. Pork closed with a loss of 20c; lard is .0712c off, and ribs are down a like amount. Estimated receipts for Monday: Wheat,

125 cars; corn. 800 cars; oats, 400 cars; hogs,

Tobacco. LOUISVILLE, Ky., Jane 12 .- The leaf tobacco market was very firm at the opening this week. but has not maintained its tone throughout, and closes more trregular than it was at the begin ning. The chief weakness has been in medium and common burleys, ranging in price from about \$7 to \$12, which have been decidedly irregular. There was good competition on these last week, but one or two active buyers have since withdrawn, for the time being, their orders being filled, and the markets for them sagged off. From \$12 up there is no noticeable change in prices. Such types as these are not too plentiful, and buyers take care that none of them shall go begging. Select red buriey fillers are in much demand. All color grades of leaf, lugs and trash in good condition are in good demand. Low grades are also selling well, the home manufacturers taking them freely, while the regie buyers pick up a lot here and there. The market for dark tobacco moves along in the same old rashion. First-class dark tobacco sells well.

turned out en masse to-night in procession, headed by bands, to ratify the nomination of Harrison and Reid. The Young Men's Republican Club, the bicycle club, mounted on wheels and carrying lanterns, a glee club of thirty members and everything else that could boom the occasion was out. Hotels, business-houses and residences displayed flags and bunting. The Harrison feeling here is very strong and will draw from the Democratic ranks, if present expressions go for anything.

Found a Kettleful of Money.

NEVADA, Mo., June 11 .- H. N. Cox, residing near here, while digging under a floor of his residence, in the course of some repairing, discovered a large kettle full of money, supposed to have been buried there during the war. The discovery was made four weeks ago, but the news has only now leaked out. Cox's hired man is reported as saying the find amounts to \$30,000.
